

It's Organic! Easy Everyday Green Cart Reminders

Pizza boxes belong.

Food residue on pizza boxes make them hard to recycle but easy to compost. Remove any plastic from inside and place the pizza box in your green cart.

Go green with greasy paper towels and plates.

Place all food-soiled paper products in your green cart. Towels, plates, napkins, cups, coffee filters, and tea bags included. Remember, it's better to avoid using single-use disposable products whenever possible.

Meat, bones and grains compost just great.

They may not belong in a backyard compost pile or worm bin, but they're fine in your green cart.

Still Have Your Holiday Tree?

Livermore Sanitation's holiday tree collection service ended on January 6, but you can still compost your tree. Remove all decorations, lights, and the stand from your tree, cut it into small sections, and place inside your green cart. Make sure the lid will fully close. Please note that artificial and flocked trees are not compostable and should be placed in your gray cart. Holiday trees may also be collected through the Cleanup Program.

On-Call Cleanup Program

Up to three times every twelve months, residents of single-family homes may schedule a free On-Call Cleanup. Through this program, Livermore Sanitation will collect one large appliance or e-waste item, and up to 3-cubic yards of garbage. An appointment is required for each Cleanup. Please call 925-449-7300.

Clam, mussel, abalone, oyster, and other seafood shells cannot be composted through Livermore Sanitation's program. Please place these items in your garbage cart.

Holiday Service Reminder

Service will be provided as usual during the weeks of Martin Luther King Jr. Day and Presidents' Day. Please put your carts out for service by 6am on your regular service day.

**STRIVE
FOR 75**

The Livermore City Council set a goal to reduce the amount of garbage we landfill by 75%. You can help by making the most of our convenient recycling and organics programs.

Collection Day Checklist

- Place carts out for collection by 6:00 a.m.
- Make sure cart wheels are facing your home.
- Make sure cart lids are fully closed.
- Make sure materials are placed loosely inside the carts.
- Leave three feet (*or as much space as possible*) between each cart and avoid placing carts near parked cars, fire hydrants, low-hanging branches, mailboxes, and other obstacles.
- Store carts out of sight and off the street as soon as possible after service.
