

Campo Di Bocce Composts More and Saves Money!

Composting efforts help Campo Di Bocce save over \$4,000 per year.

Livermore Sanitation worked closely with Campo Di Bocce to make sure their new organics program got off to a strong start. Appropriate collection containers, signage, and staff training were provided.

Campo di Bocce is located at 175 E. Vineyard Court in Livermore. Drop by for a meal, a beverage, and/or a round of bocce ball. Visit www.campodibocce.com for more information.

According to Executive Chef Michael Wogen, the popular dining and recreation venue found it easy to achieve composting success. “When Livermore Sanitation brought in the organics program,” states Chef Wogen, “our entire staff jumped right on board.”

During the implementation process, Chef Wogen realized the environmental impacts as well as financial benefits of becoming less wasteful. “Several staff members have mentioned that participating in the organics program here has inspired them to take advantage of similar programs available at their homes.”

Campo Di Bocce Executive Chef Michael Wogen and General Manager Lillian Steinle.

To start a food waste program at your business, contact Livermore Sanitation’s Food Scraps Hotline at 925-583-3518. Receive collection containers, training materials, and the assistance needed for your business to save money!

Recycling Reminders

- Flatten and/or cut boxes to maximize space in your recycling bin.
- Place recyclables directly into the blue bin. Do not use plastic liner bags. To recycle shredded paper, contain shreds in a paper bag or box to prevent pieces from blowing away during collection.
- Contact **StopWaste.org** (1-877-StopWaste) to inquire about Styrofoam® recycling and reuse options. Or, put Styrofoam® products in the garbage.
- Make sure your bin is accessible on collection day.
- Keep collection bin lids closed whenever possible. Doing so will keep out birds, critters, and rain.
- Avoid wedging material inside your blue bin. This will ensure that your bin gets fully emptied.

Holiday Schedule

Regular service will be provided during the week of Veterans Day.

During Thanksgiving week, service normally provided on Thursday and Friday will be one day late.

The City of Livermore Has Taken Styrofoam® Off the Menu!

On July 1, the City of Livermore's Ordinance banning Styrofoam® 'to-go' containers for foodservice businesses officially took effect. Acceptable alternatives to Styrofoam® include those made from plastic or paper that can be recycled or composted through Livermore Sanitation's programs. By switching to recyclable and compostable style take-out alternatives, Livermore businesses are reducing litter and water pollution. Need help making the switch? Visit www.cityoflivermore.net/citygov/pw/swr or call 925-960-8015.

**STRIVE
FOR 75**

The Livermore City Council set a goal to reduce the amount of garbage we landfill by 75%. You can help by making the most of our convenient recycling and organics programs.
