Keep the Recyclables Stream Clean!

The cleanest and most efficient sorting to achieve high quality recovered materials starts with you, the generator. We thank you for all of your efforts.

JUST SAY "NO" TO CONTAMINANTS!

Garbage and Organics **DO NOT** belong in the blue **RECYCLABLES** cart.

MAINTAIN A CLEAN STREAM!

When possible, empty and rinse recyclable plastic, metal and glass food containers before placing them in the blue recycling cart.

KEEP AN EYE ON SIZE!

Corrugated cardboard and paper boxes should be flattened and large pieces cut to 2' x 2' or smaller. This prevents materials from getting stuck in the cart or blocking the hopper of the collection vehicles.
