Collection Program Requirements

Businesses that sell food and drinks and have onsite dining must provide recycling and organics containers for their customers.

- Containers must be placed adjacent to trash and be visible, easily accessible, and clearly marked.
- Businesses may use their own signage or they may need to contact the jurisdiction or hauler for signage based upon the requirements of their collection service.

For information, custom signage, flyers, & more, please visit:

www.calrecycle.ca.gov/Recycle/Commercial/Organics/PRToolkit/

The Cleanest & Most Efficient Sorting Starts With You!

SUPPORT THE SORT!

Please place only recyclable materials directly into your blue **RECYCLABLES** cart or bin. Keep items loose, do not use plastic liner bags.

KEEP IT CLEAN!

Empty, scrape, wipe, or rinse recyclable food containers and make sure paper is clean and dry before placing in the blue **RECYCLABLES** cart or bin.

KEEP AN EYE ON SIZE! Corrugated cardboard and paper boxes should be flattened and large pieces cut to 2' x 2' or smaller. This will maximize space in your blue **RECYCLABLES** cart or bin.

For downloadable posters, guides, and more please visit:
www.livermoresanitation.com/commercial/publications-resources/.

Avoid Wishcycling

By properly sorting items into the correct cart or bin, you can:

- reduce contamination,
- prevent damage to sorting machinery,
- keep employees safe,
- and keep recyclable items out of the landfill.

THESE ITEMS BELONG IN THE GARBAGE CART OR BIN:

- Chip/snack packaging
- Plastic film/bags
- Styrofoam (*blocks, cups, food ware, packaging peanuts*)
- Crockery/dishware/glass bakeware
- CDs & VHS tapes
- Plastic plates/cups/cutlery
