

Proper Sorting Makes a Difference!

USE YOUR CONTAINERS TO SORT YOUR WASTE FOR:

- Compliance with California regulations: **AB 341**, **AB 1826**, and **SB 1383**. See article at right or visit www.stopwaste.org/rules for more info.
- A reduction in disposal. Of the 39 million tons of waste disposed of in California landfills in 2018, one third was compostable organic materials.
- A reduction in greenhouse gas emissions. Organic materials in landfills produce methane, a greenhouse gas that contributes to pollution and global warming. Composting sequesters carbon and reduces greenhouse gas emissions.

If it Rots, Green is the Spot!

FOOD SCRAPS, FOOD-SOILED PAPER, AND YARD TRIMMINGS BELONG IN THE GREEN **ORGANICS** CARTS OR BINS.

- Keep it clean and avoid a contamination fee. **NØ Styrofoam®, Plastic, Glass, or Metal.**
- For a full list of what belongs in your green **Organics** cart or bin, visit: www.livermoresanitation.com/commercial/publications-resources/.
- Need to start or improve your **Organics** collection service? Call us at: **925-449-7300** or contact us via our website.

SENATE BILL 1383 (SB 1383) EFFECTIVE JANUARY 2022

What Does This State Law Mean for My Business?

- **All sites must have compost and recycling collection service.** Contact LSI at **925-583-3517** to start or improve your recycling and composting program!
- **Compost and recycling** containers must be placed next to all garbage containers, including indoors, except in restrooms. Items must also be properly sorted into the containers.
- Free help and indoor compost bins are available.
- For more information or to request free help, visit: www.StopWaste.org/Rules.

FOOD-SERVICE BUSINESSES:

Say NØ to Food-Packaging Waste!

- Offer recyclable or reusable take out containers.
- Avoid offering single-serve and single-use items. (See "Rethink Disposable Technical Assistance Program" below)
- Reduce and reuse before you recycle. For tips on using less, visit: www.StopWaste.org/recycle.

Reduce Waste, Save Money, & Go Green!

By reducing single use disposable packaging, your food service business can:

- Conserve resources.
- Prevent waste.
- Reduce ocean pollution.
- Increase operational efficiency.
- Improve customer satisfaction.
- Save money.

For more program information visit: www.rethinkdisposable.org/businesses.

DISPOSE OF HAZARDOUS WASTE RESPONSIBLY Hazardous Waste Drop-in Program for Businesses

Hazardous waste does NOT belong in your **Recyclables**, **Organics**, or **Garbage** containers. Alameda County operates a Hazardous Waste Business Drop-in Program. Accepted materials include: latex paint, aerosol cans, fluorescent lamps, and batteries. A form is required and charges apply. Detailed program information and appointments can be found at: StopWaste.Org/hhw.

Recycle Right!

AVOID CONTAMINATION! Styrofoam®, plastic film/wrap, and plastic packaging belongs in your Garbage container.

PLEASE NOTE: Only plastic bottles, jars, and tubs labeled 1-7 go into the blue **Recyclables** cart or bin.

KEEP IT CLEAN! Empty, rinse, or wipe recyclable containers.

MAKE THE MOST OF YOUR SPACE! Flatten boxes before placing in the **Recyclables** cart or bin.

PROVIDE THE TOOLS FOR SUCCESS! Educate employees on proper sorting and provide the right containers. Call Livermore Sanitation at 925-583-3517 for assistance.

HOLIDAY SERVICE SCHEDULE - There will **NO CHANGES** to the service schedule during the week of Memorial Day.
